NEW SCHOOL STAYS AHEAD OF SCHEDULE

The new Gettysburg Area Senior High School building, begun last fall, continues to move along well ahead of schedule and may be ready for occupancy six weeks or more ahead of the target date of January 1, 1963, members of the Gettysburg Joint School board were told Monday evening at their May meeting at the high school.

Henry Pettit, the architect's representative on the job, told the directors that work on the new school is 65 per cent complete and it may be finished by November 15.

An area strike of lathers is not interfering with progress on the building, he said, because 95 per cent of the lath work is done and it will be weeks before the remaining lath work would block progress. The roof on the gym section will be completed this week, he said, and painters start today. Masons start work today on the last section of the building, he said.

AWARD CONTRACTS

Unable to get competitive bids for general and art supplies for the schools next year, the board awarded the contracts to the only bidder for each lot. The school district had solicited bids from a number of suppliers but only one submitted a bid for the art supplies and another firm was the only bidder for the general supplies.

The J. L. Hammett Company got the contract for art supplies for high and elementary schools at \$3,035 and Roberts and Meek was the only bidder for general supplies. It was awarded the contract at \$8,470 for both high and elementary schools. The contracts were given on a roll call vote.

The board gave final approval to a \$1,555,875 budget for 1962-63 that had received preliminary approval a month ago. The total is about \$154,000 above the budget for the current year. The budget (Continued On Page 3)

\$8,000 DAMAGE WHEN TWO BIG TRUCKS CRASH

Damage totaled \$8,000 when a milk truck owned and operated by Bernard V. Miller Sr., Gettysburg R. 1, was struck by a truck loaded with stone near Philadelphia Monday morning.

Miller, driving a three-month-old tractor tank truck loaded with milk enroute from Adams County to Philadelphia halted when a woman driving a car ahead stopped preparatory to making a left turn.

A truck loaded with stone from the Valley Forge area operated by James Curry, Pottstown, and owned by Jess Baro, Inc., Douglassville, Pa., following the Miller truck, was unable to stop quickly enough and smashed into the rear of the milk truck.

The cab of the stone truck was demolished and Curry, who escaped injury in the crash, had to be helped out through a window of the badly damaged vehicle. Damage to the stone truck was estimated at \$3,000. Damage to the rear of Miller's tanker was estimated at \$5,000.

The accident did not break the inner seal of the milk tank and the milk was eventually delivered to its destination. The milk truck was removed to the factory of the company which constructed it and is expected to be repaired and back in operation in about a month. Miller said that by doubling up operations of other trucks he owns he will be able to continue to haul all of the milk he handles to Philadelphia.

CAR OVERTURNS

William Curry, 22, Gettysburg R. 4, escaped injury Monday noon when his car overturned on the Emmitsburg Rd., near the peach orchard. State police said Curry was driving south when a bus pulled out from a parking lot and turned left. To avoid striking the bus, Curry swerved his car off the road, braked, and the vehicle overturned. His 1956 model car was demolished.

Appeal To God And Love Of Country Will Stir Nation, Says Ex-President Monday

By H. L. SCHWARTZ III
PHILADELPHIA (AP) — Any citizen, any party, or any administration that hopes to stir the nation to greatness must appeal, after God, to America's love of country, says former President Dwight D. Eisenhower.

The former chief executive, addressing the Union League Monday night and basing his remarks on the occasion of its centennial, said America was in the dawn of its destiny. But, he added, "Americans themselves—should they forfeit individual opportunity in exchange for governmentally guaranteed security... or concentrate on selfish profit or soft life—can imperil its attainment."

Eisenhower, who spent the day Monday conferring with state and local leaders of the Republican Party, was strictly non-partisan in his remarks, with one exception. "I hope," he said at the outset, "Republicans tomorrow night

NEW SUPPORT PROGRAM FOR XAVIER OPENS

A new "Parish Support Program" has been inaugurated at St. Francis Xavier Catholic Church in which it is hoped to increase the "ordinary income" of the church for the next three years. Announcement of the new program has been made by Rev. Fr. Joseph P. Kealy, pastor, during Sunday morning services in the past two weeks and at recent committee meetings in Xavier Hall of men who will conduct the program.

Rev. Fr. Kealy announced that "a new program must be inaugurated to increase the ordinary income because of the steadily increasing cost of operating the church, school, rectory, convent, cemetery, Delone Catholic High School, McSherrytown, transportation facilities and other items."

REV. FR. KEALY

He announced Sunday at all the masses that "the ordinary income of the church during the past 15 weeks produced only 52.5 per cent of the total income."

CITES TEMPTATIONS

In his sermons Sunday the local pastor said in part: "We face, in our own special way, the kind of temptations Peter faced when he denied our Lord. We face, at times, the same temptation Thomas faced when he did not see and therefore could not believe. Therefore, it is not difficult to understand, as we prepare to put into effect our Parish Support Program, temptations common to all of us will appear in various forms throughout the parish. These temptations will challenge each of us sometime during (Continued On Page 3)

Kennedy Reports Marines Have Landed In Thailand

WASHINGTON (AP)—President Kennedy today ordered 1,800 U.S. Marines into Thailand.

The chief executive announced his action in a statement which said that: "These forces are to help insure the territorial integrity of this peaceful country."

The statement mentioned only the dispatch of "additional elements of the U.S. military forces, both ground and air."

An administration official said the additional elements consisted of 1,800 Marines who will be landed at the Bangkok Naval Base at 10 a.m. Washington time (9 a.m. EST) Wednesday.

He said they are being moved in by units of the 7th fleet. They will supplement an Army battalion of 1,000 men already in Thailand for Southeast Asia Treaty Organization maneuvers.

Kennedy said the sending of additional U.S. forces to Thailand was considered desirable "because of recent attacks in Laos by Communist forces, and the subsequent movement of Communist military units toward the border of Thailand."

The President called a threat to Thailand a matter of grave concern to this country. But he said he wished to emphasize that the dispatch of U.S. forces to the southeast Asian nation is "a defensive act on the part of the United States" and completely consistent with provisions of the United Nations charter which recognizes that nations have an inherent right to take collective measures for self defense.

Despite warnings that the movies, radio and television would reduce the number of persons reading, Americans are reading more today than they ever did, Louis B. Kirkland of Doubleday and Company told the local Rotary Club at its meeting Monday evening in the YWCA.

Kirkland, a resident of Hanover, told of the development of the Doubleday Company over the years until its present situation when one plant alone, near Hanover, turns out 100,000 books a day.

The books printed by Doubleday come from various sources, he said. The company receives numerous manuscripts from authors which are carefully read by a staff of editors to determine their value as potential printed books. In addition, the company has a number of writers to whom its editors may make suggestions of books that may be written.

After a manuscript is received and it is decided that it would be suitable for publication, a reader-editor goes over it to edit it. Before a manuscript becomes a book it has been proofread and edited a half dozen times or more by various editors and the author himself.

Despite the care given in reading all manuscripts submitted and study of the potential interest in the story, "all publishers from time to time reject a book which is later picked up by another publisher and becomes a best seller."

Nelson Doubleday, founder of the firm, began with a number of partners in the publishing business in the 1890's, later bought out the others and continued the operations which led to the present huge corporation.

The president, Dr. Richard Newsham, presided at the meeting. Vice President Clark Smith introduced the speaker.

Edgar P. Long, 55, Harrisburg R. 1, died this morning at the Warner Hospital 13 days after he had been injured in an auto accident just south of the Maryland line on U.S. 140, near Littlestown.

Dr. C. G. Crist, Adams County coroner, said the death was caused by a crushed chest, lung injuries, a broken left leg and complications.

Long was brought to the Warner Hospital on the night of May 2 at about 7:30 o'clock by the Littlestown ambulance after his car left the highway in Carroll County, Md., about 300 feet from the state line.

Maryland State Policeman H. L. Zapp of the Westminster barracks said Long was traveling west when he apparently fell asleep, his car crossed the highway and smashed into a tree, demolishing the 1962 model car owned by Harrisburg Teamsters Local 776.

ALGIERS (AP)—The European Secret Army Organization stepped up its killing of Moslems today in retaliation for the first major Moslem terrorist attack since the March 18 cease-fire.

By 11 a.m., 19 Moslem men and a Moslem woman had been killed in Algiers and nine Moslems had been wounded. The Europeans concentrated their shooting in the Hussein Dey quarter, where many Moslems live.

On European was killed and one wounded. The killing of Moslems spread to Oran, secret army hotbed in Algeria. Five Moslems, including a woman, were slain by terrorists. A 70-year-old Moslem man was shot to death in a Jewish quarter.

Authorities in both Algiers and Oran seemed powerless to choke off the terrorism.

The Moslem outburst Monday was seen as a warning of worse to come unless the European terrorists are checked. The secret army replied with more shooting. Police said 26 persons were killed and 88 wounded by commandos of the Moslem National Liberation Front who drove at high speed through Algiers with machine guns blazing. Twenty of the dead and 78 of the wounded were Europeans.

The secret army's terrorist toll Monday was 10 Moslems, three of them women.

"SHOOT ON LIGHT"
The Moslem rampage ended only after authorities imposed a curfew in the city and ordered police to shoot on sight anyone caught on the streets. Before the violence stopped, police had killed some of the Moslem commandos and arrested a number of others.

ROGER MYERS HURT IN CRASH

Roger D. Myers, Fairfield, assistant county Civil Defense director and honorary secretary of the county firemen's association, was injured Monday afternoon at 5:20 o'clock in an auto accident at W. Middle St. and Ridge Ave.

Borough police said Myers was driving west on W. Middle St. when he came upon the car of Kenneth Shindedecker which had stopped preparatory to making a left turn.

Myers slowed, turned to the right to go around Shindedecker's auto but found the space between that car and the sidewalk too narrow, and halted his vehicle.

Police said Gerald E. Miller, Gettysburg R. 2, also driving west, saw the halted car ahead, saw Myers slow and begin to go around the Shindedecker auto. Miller, slowing also, believed that Myers would be able to continue and thus when the Myers car stopped the bumper of the Miller car struck the rear bumper of Myers' vehicle.

Because of the impact, Myers' foot slipped off the brake of his auto, struck the accelerator and the Myers' car lurched forward, over the curb and into a utility pole.

Myers, removed to the Warner Hospital was found to have a laceration of the head. According to the police report about 20 stitches were required to close the wound. Damage was estimated at \$50 to Miller's car and \$400 to Myers.

Money raised from the solicitation plus profit from the annual festival supports the fire department during the year. Last year more than 70 fires were put out and the ambulances took 500 patients to and from hospitals.

LOW TURNOUT EXPECTED FOR 3 PRIMARIES

By THE ASSOCIATED PRESS

Voters in Maryland, Pennsylvania and Nebraska pick nominees for state and federal offices in primary elections today. Turnouts of less than half the registered voters in each state were predicted.

The Maryland campaign has been liberally laced with charges of corruption and patronage peddling. The Nebraska and Pennsylvania campaigns have been more sedate. None of the Democratic primaries has directly involved President Kennedy.

Former President Dwight D. Eisenhower is involved to some extent in Nebraska and Pennsylvania. His personal choice, Rep. William W. Scranton, 44, is the front-runner in the Pennsylvania gubernatorial primary. Fred Seaton, who was secretary of the interior in Eisenhower's Cabinet, appears a shoo-in for the Nebraska Republican gubernatorial nomination.

7 DEMOCRATS VIE

Seven Democrats seek the gubernatorial nod in Maryland, including incumbent Gov. J. Millard Tawes. His stiffest opposition has come from George Mahoney, a contractor who has scored some near misses in losing biennial tries for the Democratic nomination for Senate or governor since 1950. David Hume, an attorney, has no organization to match Tawes or Mahoney but was ranked as a darkhorse possibility.

Despite the heat of the campaign, some Maryland observers think many Democrats will stay home, cutting the vote total to less than 50 per cent of registrations.

The Pennsylvania primary campaign has been tame except for the scrap waged by J. Collins McSparran, master of the State Grange, for the Republican nomination. McSparran, who considers himself a conservative, called the favored Rep. Scranton a "carbon copy" of a Democrat.

DILWORTH SHOO-IN

The likely Democratic nominee is Richardson Dilworth, former mayor of Philadelphia.

Gov. David Lawrence, a Democrat, cannot succeed himself under state law.

About 30 to 40 per cent of Pennsylvania's 5.4 million registered voters are expected to cast ballots.

Main interest in Nebraska has centered on Gov. Frank Morrison's bid for a second term. An upset winner in 1960, he has Democratic primary opposition from Mrs. Ralph G. Brooks, widow of his predecessor, and Omaha contractor Tony Mangiameli.

Orrtanna

MRS. LUTHER WETZEL

ORRTANNA — Mrs. Lovell Cease was hostess to the Margaret Donaldson Bible class of the local Methodist Sunday School for their monthly get-together at her home here Wednesday evening.

In the absence of the president, Mrs. Ruth Donaldson, the meeting was opened by the teacher, Mrs. Mary Tressler, with a reading, "I'd Rather Be Tired Than Lonely," after which she offered the opening prayer. The Scripture reading was given by the hostess from the book of James. The officers' reports followed. It was reported that Mrs. Daisy Deardorff sold \$41 worth of name labels from which the class cleared \$20.50.

Plans were made to conduct a refreshment stand at the public sale of Mrs. Laura Cease Saturday evening, May 24, here. The class also voted to give \$100 toward current expenses of the church. Officers were elected for the year with all officers being retained. They are: President, Mrs. Ruth Donaldson; secretary, Mrs. L. V. Cease; treasurer, Mrs. Grace Wetzel.

Devotional reading were given as follows: "The Robins," Mrs. Lovell Cease; "Daily Prayer," Mrs. Ruth Donaldson; "What If," Mrs. Ruth Deardorff; "Just Today," Mrs. Grace Wetzel; and "The Twig Bender," Mrs. Tressler.

The Scripture study was on the 10th chapter of the Acts. The meeting closed with the Lord's Prayer in unison. The guest book donated by Mrs. Ruth Donaldson was won by Mrs. Ruth Spence and netted the class \$1. Refreshments and a social hour followed. The next meeting will be held June 5 in the church hall with Mrs. Grace Wetzel, hostess, at 7:30 p.m.

Trucking Firm Is Given Fine By PUC

HARRISBURG (AP)—The Public Utility Commission has fined a Bellefonte fuel and supply trucking firm \$200 for operating outside its certified area.

The PUC reported Monday the fine was levied against Lawrence L. Auman, owner of the County Fuel and Supply Co. Auman contended that he made four trips outside his territory under an arrangement whereby the shipper loaded his equipment.

The commission ruled, however, that the lease was a subterfuge attempting to disguise Auman's operations.

ment stores were gutted by bottles of gasoline hurled by the commandos.

The European secret army's goal has been to provoke the Moslems into reprisal attacks on Europeans in hopes this would bring the French army over to its side and torpedo the Evian peace agreement. But the secret army had hoped to trigger a mass Moslem uprising, not cold-blooded killing by commando forces using the same tactics as the secret army.

The Moslem commandos obviously were operating according to a prepared battle plan. They struck simultaneously from speeding cars in every sector of the city except the center. The apparent intent was to warn the French government into more vigorous measures to crush the European terrorism.

ges, Lock Haven graduate to be the district's first physical education coordinator in the elementary grades at a salary of \$4,000, and Mrs. Joan Crapster, Gettysburg, a Swarthmore graduate, who will teach Spanish in one elementary grade. She will serve on a part time basis, teaching two days each week, and will be paid \$1,600 for the school year.

STAFF RE-ELECTED

The new high school teachers elected are: Mrs. Betty Jane Motoski, who will graduate from Gettysburg College in June at \$4,000, and Mrs. Darlis M. Simon, a Lock Haven graduate with two years of teaching experience at a salary of \$4,400.

The board rescinded the election in April of Mrs. Lou Ann Johnson as a teacher. She has notified the board she has accepted another position. Superintendent Riegle also told the board that two other teachers who had been offered jobs here had turned them down.

With the observation that all are giving "very good service," these school staff members were re-elected for another year: Brown, Swope and MacPhail as school district solicitors; Drs. Raymond F. Sheely and Harrison F. Harbach as school doctors; Dr. Donald Wickerham and Dr. James Sheppard as school dentists; Leo C. Riley as attendance officer and the First National Bank as school district treasurer. The treasurer's position rotates on a four-year cycle between the two Gettysburg banks. The First National is ending its third consecutive year in that office.

TEACHERS LAUD BOARD

The board directed that special letters of appreciation be sent to the three teachers who are retiring.

The resignations were accepted and the teachers elected on the recommendation of the teacher and curriculum committee, presented by Superintendent Riegle in the absence of the committee chairman, Chester S. Shriver Jr.

A letter to the board was read from Jack R. Corbin, chairman of the salary committee of the local teachers' organization, thanking the board for recent upward adjustments of salaries and complimenting the board on its "foresight and fairness" in raising the starting salaries to \$4,000, making resultant necessary adjustments in salaries of teachers already employed.

The letter offered the board the "professional resources" of the committee of teachers in other salary matters and suggested five topics for future consideration: Salary steps beyond the master's degree; a wider differential between salary levels; establishment of incentive increments; advancement of maximum salaries attainable and "clarification" of the school term.

was adopted on the vote of all 18 directors present, a bare majority of the 35 directors. Seventeen were absent when the vote was taken.

The Gettysburg Teen Center was granted use of the high school auditorium for a ballet recital June 14.

The Gettysburg Fire Company was granted use of the athletic field or the high school auditorium for its annual memorial service in connection with the battle anniversary celebration July 1.

AUTHORIZE CHANGES
Bills totaling \$13,000 were approved for payment.

The board granted the high school band permission to operate a band camp again this year. It will be held at Camp Swatara August 26 to 29.

Directors were invited to attend the high school commencement June 3.

The board authorized three change orders in plans for the new high school. One will add shelf space along the cafeteria line, another will provide for refrigeration of the milk "lowerers" in the cafeteria and the third will extend a retaining wall to provide a space for unloading farm machinery near the vocational shop section. Costs of the three items are \$172, \$668 and \$324, respectively.

MONTHLY REPORTS
Superintendent H. Edgar Riegle submitted a packet of materials to the directors including his own synopsis of the provisions and impact of Act 561 on school reorganization and state agencies' recent bulletins on public education.

Monthly reports were presented. The monthly statement from the First National Bank showed a month-end balance in the general fund of \$31,705 after April expenditures of \$96,350. The school district's cafeterias operated 19 days last month when they served an average of 2,140 student and 92 adult meals daily with a net operating profit of \$1,576 which goes into the cafeteria fund. The activities fund was shown as \$25,104 and the athletic fund balance at \$78.

President Oren H. Wilson presided at the meeting which adjourned shortly before 10 p.m.

Pledges receiving the Exemplar degree ritual were, back row, Irene Jacoby, Shelly Jean Dugan, Linda Carbaugh; front row, Margaret Kenworthy, Sandy Pyles and Kitty McBee.

New officers of Xi Alpha Chi chapter of Beta Sigma Phi who were installed Monday evening are (left to right): Edith Riley, president; Helen Spangler, vice president; Mary Lou Kranias, recording secretary, and treasurer, Donna Hammers.

which the federal government took over the ownership and control of the battlefield as a national military park, Roth said.

President David Blosser reported receipt of a letter from Caldwell, Idaho, in which Mrs. Max Lewellen said she was "the lucky recipient of the interesting set of pictorial place mats from your state as a special ladies' night gift at our big banquet last night (May 6)." She revealed that the Caldwell Lions Club, for its ladies' night, decided to send \$2 to Lions Clubs in each of the 50 states and asked them to forward a gift for that amount for the program. The Gettysburg Lions forwarded the pictorial place mats through Thomas Metz.

Kenneth G. Reinhart Jr. announced the club will hold a ladies' night at Allenberry June 13 for dinner and attendance at the play "Write Me A Murder." It was indicated 62 of the local Lions and their ladies will attend.

It was announced that all the brooms were sold last week but dish cloths and towels remained to be sold. A group of volunteers headed by President David Blosser continued the sale of the cloths and towels Monday night. Reports showed income of \$1,173.10 from the sale up to that time with "\$370 profit so far."

Harold Ecker read a request from the Memorial Day committee for a donation. A letter was read from a group seeking to establish a Senior Citizens Club here.

The 25-year-old soldier attended York Springs High School and was employed by the Duffy and Mott Company, Aspers, before entering the Army.

AUCTION UPSET BY "PLUS SHOT"

MARKET LAVINGTON, England (AP)—Auctioneer George Austin was about to sell a set of matched chairs at an open-air auction on a local farm Monday when a 25-pound high explosive shell fell in a field several hundred yards away with a terrific blast.

Two hundred startled people attending the auction rushed for cover.

The shell brought down a power line, shattered windows in two nearby buildings and showered stones and earth on a farm shed.

The shell was fired from an army artillery range a mile away from the village.

Mayor Candidate Expires At 64

PITTSBURGH (AP)—William J. Crehan, 64, who was unsuccessful in his bid for mayor of Pittsburgh last year, died Monday in the city's Brookline section.

The Allegheny County morgue said Crehan apparently died of natural causes. His body was found in an empty bathtub by his wife.

The retired Pittsburgh police sergeant, who recently operated an insurance office, was defeated by a two to one margin by Democratic Mayor Joseph M. Barr last November.

Crehan was the only Republican to file as a candidate for mayor. Funeral arrangements were not complete.

Dilworth To Confer With His Opposition

PITTSBURGH (AP)—A conference is scheduled in Pittsburgh next Tuesday between Richardson Dilworth and two men who did not approve of his selection by the state Democratic organization as its gubernatorial candidate.

Dilworth, seeking the nomination in today's primary, made the appointment by telephone, Allegheny County Commissioner William D. McClelland and Prothonotary David B. Roberts said Monday.

McClelland said: "I told him that if such was his desire it also was his privilege. We are still doing business at the old stand."

The commissioner, who had been touted as a gubernatorial candidate, announced he would not run for the nomination just six days after Dilworth's endorsement.

STOCKS MOVE UP

NEW YORK (AP)—The stock market moved higher in active early trading today in what appeared to be continued recovery from the deep dip and near-record activity Monday.

Key stocks gained \$1 or more in opening trading today, resuming the rally that broke what some analysts were terming the Kennedy bear market. The ticker tape, which fell as much as 34 minutes behind the pace of floor transactions, again fell behind five minutes this morning.

Mardi Gras was brought to New Orleans by early French colonists.

NEW SUPPORT

the next few weeks. We must prepare to recognize them and overcome any inclinations to do less than our just share in the name of God.

"Our Parish Support Program is simply this: We as parishioners of St. Francis Xavier are being asked to consider our support to the parish in terms of thoughtful, consistent and dependable giving. We are being asked to compare our overall financial station in life with the manner by which we support the parish. This is nothing revolutionary, shocking or out of the way. The program is based on a moral obligation imposed by the Bible and Holy Mother Church.

MANY EXCUSES

"However, we will find appearances of the common temptation in a wide variety of self-consoling excuses. The typical ones will be: I'm doing my share now; I've done my share; let someone else do it; I will not commit myself to any amount; the Church is wealthier than I am; I am not sure of the future; I will not use envelopes, I do not want anyone to know what I give; it is not my problem; and so forth.

"These are the thoughts by which most of us will be tempted in one way or another. We should pray for the honesty to recognize them for what they are and rid our minds of them."

At a meeting of division chairmen Monday night it was announced that "unstable income produced 14.4 per cent of the total receipts; Christmas and Easter collections, 5.1 per cent; diocesan collections 7.3 per cent and extraordinary income 20.4 per cent."

DIVISION CHAIRMEN

Paul L. Roy and Joseph Rosensteel are co-chairmen of the program. Division chairmen include: Wayne Asper, John A. Codori, Julian N. Estep, Joseph A. Feaga, G. Noel Flynn, Bernard C. Frazer, Leo McDermitt, Robert Monahan, Martin A. Redding, Raymond Redding Jr., Thomas Oyler, Stanley C. Rogers, Henry Roth, Daniel Sanders, Ernest H. Simpson, James S. Sneeringer, Clarence Steinour, Fred Spalding, Ted Tussing and Charles Wilkinson.

Visits to parishioners will begin in two weeks.

Henry Brandt, of the firm of Brandt-Semenza Associates, Inc., is directing the program.

FIFTY YEARS AGO
Neighborhood News: After June there will be only one soldier's orphan school in Pennsylvania — that at Scotland, there used to be forty. Since 1864, 16,000 orphans have been cared for at a cost of more than \$13,000,000. There are now only a few over 500 soldiers' orphans in the State in destitute circumstances.

County Superintendent J. H. Deen, of Academia, Cumberland County, lost one of his best milk cows a few days ago. The straw in the sled bed was emptied in the barnyard and the cows given access. Among the straw was a hatpin, which the cow swallowed, and it was later discovered, had pierced the heart.

The first rural school buildings to be erected in Pennsylvania along strictly modern lines and under the provisions of the new school code will be built in York county by the independent school district of Springettsbury township, recently created by the local court.

J. E. Davidson, the motorcycle enthusiast of Liberty township, witnessed the Acroplane flight at Frederick on Tuesday of last week. The machine was a Curtiss biplane, having an eight cylinder 60 horse power engine and capable of developing a speed of 60 miles an hour. We suppose the gentleman will sell his motorcycle now and buy an aeroplane.

The W. M. R. R. has a large force of men at work at the trestle above Maria Furnace. Concrete arches will be made over the creek and road first, and then the balance of the trestle will be filled in with rock and earth.

A. W. Cole, of Buchanan Valley, is erecting a large new bank barn. The Franklin Telephone Company has extended its line from the David Minter farm to the George Oyler farm, taking in five more houses.

10 Cents A 100 For Dead Flies: In answer to an offer of the city to pay a reward of 1 cent for every 100 flies delivered at the City Hall, school children of Cleveland are "swatting the fly" with vim and vigor. The crusade will continue for two weeks when the offer expires. City health authorities believe that every fly killed at this season of the year means the absence, so to speak, of nine flies later. Hence the posting of the reward.

While many American women, either from choice or because of the law, are not wearing the plumage of birds, it is only recently that the German women have been considered the matter. The bird protection laws of Europe are less strict than the laws of this country, and it has been thought necessary to cease wearing bird feathers to protect the birds. And among the strongest devotees are several Princesses of the reigning household of Germany.

The Woman's Relief Corps, Auxiliary to The Grand Army of the Republic: As the Penna. Dept. of the Grand Army of the Republic will meet in Gettysburg next month it may be interesting to many persons to know more about the auxiliary, which meets annually with it. When in response to Lincoln's call, in 1861, loyal men volunteered to aid in preserving the Union, bands of a loyal women were formed all over the country, to provide, as far as possible, for the comfort of the "Boys in Blue." These Soldiers' Aid Societies, as they were called, were great sources of supply for the Christian and Sanitary Commissions. With the close of the war their apparent need ceased. The Grand Army was organized, and was doing its utmost to aid unfortunate comrades; but, after a decade, the country faced a financial crisis, and sickness, old wounds, lack of work and bitter disappointments began to make cruel ravages in the ranks of the veterans. Destitute widows and helpless orphans appealed

Today's Talk

THE BEST OF YOU
No matter how famous you may become, no matter how wise you may grow, no matter how near or dear those immediate few who make up the choice circle of your heart interest, the best of you remains mostly hidden.

There are those who have expressed in words much that represents the best in them, and yet, even with these, there remains that first of themselves far beyond any agency of revelation.

It was Thoreau who once said: "You may rely on it that you have the best of me in my books, and that I am not worth seeing personally, the stuttering, blundering clod-hopper that I am."

Yet in reading Thoreau's books, you feel the lack of something — something that went with Thoreau himself — the superlative best that a man takes with him when he quietly retires for the long sleep.

You — yourself — know the best of you, and that it can never be adequately transferred to another. But it is just this reaching for, and in a measure attaining, that makes it possible for you to so shape your words that they may fall in even, understandable phrases, like good seed into rich soil.

And that's about as far as life will let you perform.

Once in a while, however, a man gets courageously expressive and is hailed as a genius. But a genius is simply one out of whose soul bubbles superior feeling, and a desire to stamp that feeling upon the heart of the world.

It's the best of you that must be guarded so jealously. Not against loss, however, but against decay.

Shakespeare understood and put it all into half a dozen words: "To thine own self be true."

Here is the satisfaction, the inspiration, the source of spiritual glow — the best of you — in a secret expression, like the shine from the stars.

Tomorrow Mr. Adams will talk on the subject: "Weeds"

Just Folks

BELIEVE IN YOURSELF
Believe in yourself! Believe you were made

To do any task without calling for aid.

Believe, without growing too scornfully proud,

That you, as the greatest and least are endowed,

A mind to do thinking, two hands and two eyes

Are all the equipment God gives to the wise.

Believe in yourself! You're divinely designed

And perfectly made for the work of mankind.

This truth you must cling to through danger and pain:

The heights man has reached you can also attain.

Believe to the very last hour, for it's true,

That whatever you will you've been given to do.

Believe in yourself and step out unafraid.

By misgivings and doubt be not easily swayed.

You've the right to succeed; the precision of skill

Which betokens the great you can earn if you will!

The wisdom of ages is yours if you'll read.

But you've got to believe in yourself to succeed.

for help; but the Grand Army was small, and had no sources of replenishment for the steady drains upon its treasury. Again the loyal women answered: "Here am I!" to the call of the men who saved the nation. Almost simultaneously, Massachusetts and Ohio took up the work — the former under the name of "The Women's Relief Corps" and the latter, that of "Post Ladies' Aid Society."

The grand movement began in 1878-79 and has grown more formidable in number and influence to the present time. At the 14th Annual Encampment of the Grand Army, at Indianapolis, in 1881, through Chaplain-in-Chief Lovering, of Massachusetts, attention was called to the importance of having an officially organized woman's auxiliary. A Committee was appointed and at the annual encampment in Baltimore in 1882 the following resolutions were unanimously adopted:

"Resolved, That we approve of the project of organizing a National Woman's Relief Corps."

"Resolved, that such Woman's Relief Corps may use, under such title, the words 'Auxiliary to the Grand Army of the Republic.'"

In 1883, at Denver, Colorado, these resolutions were carried into effect and the National Women's Relief Corps was organized with 58 chartered members. Needy veterans, widows and orphans are its especial care and

PLAN EVENT TO FETE MOTHERS

Mothers' Night will be observed by the Junior Woman's Club of Littlestown when the club members and their guests gather for a banquet-program on Wednesday at 6 p.m. in the Starlite Room of Dutcher's Restaurant. Colored slides of Hawaii will be shown by Miss Lee Ann Leaphart, Gettysburg. General arrangements for the affair are in charge of the fine arts committee, Mrs. Charles Kump, chairman.

The public is invited to attend a program of music evangelism by the Klaut Indian family in the Maple Ave. School auditorium at 7:45 p.m. on Wednesday. The family of Arickara Indians come from Fort Berthold Indian Reservation of North Dakota. They will present a program of vocal and instrumental music. The appearance of the group is being sponsored by Bethel Assembly of God Church, near town, Rev. Samuel A. Garrett, pastor.

Ruth Koons was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ for the meeting on Sunday evening. The program was as follows: Topic, "Nature Study," discussed by Ruth Koons and Jean Shoemaker; scripture, Ray Bowman; prayer, Rev. G. Howard Koons, pastor; two accordion solos, Mary Jane Harman; business in charge of the president, Mary Jane Harman. It was decided to have the annual outing on Thursday, June 14, at 6:30 p.m. in the church grove. The regular C. E. meeting will be held at 7 p.m. on Sunday.

A meeting of Girl Scout Troop No. 784 was held last Tuesday when rehearsal took place for participation in the program at the annual court of awards this evening at 7:30 p.m. in the Maple Ave. School auditorium. Sally Morelock, Deborah Rhoades and Donna Schaefer will represent the troop in the flag ceremony. Mrs. George Schaefer, leader, announced that the final meeting of the season of the troop will be held next Tuesday evening at the engine house. A party will be enjoyed at this time.

Boys who have graduated as players on the Indians team of the local Little League, those no longer interested in playing with the team and those over 12 years of age, are asked to hand in their uniforms as soon as possible to the team manager, Robert V. soldiers' homes are maintained in many of the Departments.

The Pennsylvania Department is among the smaller ones, reporting only 3,362 members but it owns and maintains with some help from the State, a fine home at Brookville, Jefferson county; at the Dept. convention next month a beautiful silk flag will be presented to Brua Chapel, as a recognition of the courtesy of the College authorities in allowing us to occupy it during our sessions. There is but one Corps in Adams County — Corporal Skelly Corps No. 9 of Gettysburg, instituted in February, 1900. It is small and weak, numerically, but it has proved itself equal to all that can be expected of an average Corps. Very little interest has been manifest in it. In a letter recently received from one of the National Officers, a Pennsylvanian, she says: "It has always seemed strange to me that so little interest is taken in Corps work by the women of Gettysburg. Of all places in our land it would seem to me to be the place for an enthusiastic and flourishing Corps. Why is it?" I can only echo — "Why?"

A Lovelier You

By MARY SUE MILLER
BORROWED BEAUTY. The eyes of Cleopatra are upon us. Everywhere you see modern lovelies borrowing the eye allure of Egypt's legendary queen. Some make a convincing job of it. But many, too many, get amateurish effects, like little girls play-acting with mother's cosmetics.

For glamour in 1962, the Cleopatra eye must be translated rather than taken literally. It must be up-dated and drawn with

a subtle hand. The method follows:

1. Keep in mind throughout that the look is based on horizontal emphasis, on an elongated eye. Begin by softly contouring the bony structure under the eyebrows with brown shadow. Then film the lids with white shadow. Blend both well out into the temples.

2. Line the inside rims of the lids, close to the lashes with kohl. This is a dusky powder, used by early Egyptians. Its present version is packaged in an urn with a tiny wand applicator.

3. Line the upper lid, just above the lashes, with dark liquid shadow shadow or liner. Extend the line straight out, to the edge of the eye socket. Paint a similar line beneath the lower lashes, curving it to meet the upper line and form a triangle.

4. With a spiral brush, apply mascara—to curl the lashes, but also to sweep them horizontally to the sides. 5. Brush the brows as straight across as possible.

Preso, you're a modern Cleo! Of course, the look may not be your aim. But if it is, aim to make the elegant most of it.

THE EYES OF YOUTH

You are not lost to youthful beauty because of dark circles, puffiness or wrinkles around the eyes. These problems can be brought under control by proper skin care, cosmetic applications, health habits and facial expressions. Methods are detailed in my leaflet, THE EYES OF YOUTH.

Will Open Bids On New Buildings

HARRISBURG (AP) — The General State Authority Monday set June 6 as the date for bids to be opened on construction at Slippery Rock State College and Hamburg State School and Hospital.

A dining hall and kitchen for 350 will be built at Slippery Rock near the center of the campus. Future plans call for an addition to double the capacity.

The GSA also has allocated \$42,000 for installation of equipment for a voice reporting system at Hamburg. It includes conduit, ducts, junction boxes, cabinets and other equipment. The system will permit voice reporting of fire alarms and emergencies.

Palmer Cops \$7,000 MORE

FORT WORTH, Tex. (AP) — Arnold Palmer finished with a typical birdie barrage to beat young Johnny Pott for the championship of the \$40,000 Colonial National Invitation. Then he announced a conscientious attack on the all-time, money-winning record for one year in professional golf.

Nerveless Arnie took a giant stride in that direction Monday when he trimmed Pott by four strokes in an 18-hole playoff to drag down the \$7,000 first money.

Leading by a single stroke after nine holes, the cool-headed Pennsylvanian methodically birdied three of the next seven holes to win in a breeze.

THIRD STRAIGHT

He had a one under par 37-32-69 while Pott, playing out of Gulf Hills, Miss., came in with 38-35-73. Pott earned \$3,500.

The victory, third straight and sixth of the year for Palmer, boosted his official earnings to \$59,308. It left him less than \$16,000 behind the one-year record of \$75,268, set by himself in 1960.

"I will play more now than I previously expected since I have a good chance to break the record," he said.

Palmer, winning his eighth of 11 playoffs, said he plans to rest a little, practice a little for the National Open, play a few exhibitions and rejoin the tour at the Memphis Open in three weeks.

Miller, president; William T. Gingrow, vice president; Robert Murren, secretary; C. Kenneth Sentez Jr., treasurer; Albert Kuhn and Robert G. Breighner, marshals.

The meeting opened with prayer by Father Metz. The retiring president, Stewart N. Long presided and heard the reports of Laurence Alfolt, retiring secretary, and Thomas Duttera, retiring treasurer. A new policy was adopted for receiving society dues. A special fund raising project was also begun. Preliminary plans for the annual fall communion breakfast were discussed and the following committee was appointed to make the necessary arrangements: Carroll Oster, Paul E. Alfolt and Z. W. Sanders; program committee, Thomas G. French, John L. Redding and Stewart Long.

Father Metz spoke to the society, revealing details concerning the work progress on the church and finances. The next meeting of the society will be held Sunday, June 10.

The Brownies of Troop 976 met Friday after school at the engine house and completed their Mother's Day corsages. They also began work on their sit-upons for the day camp in June. These will be completed at Friday's meeting at 3:30 p.m. at the engine house. The session was in charge of Mrs. Samuel J. Snyder, Mrs. Harry D. Feeser, Mrs. Loy L. King, leaders, and Peggy Alfolt, troop aide.

MERGER URGE IS GROWING WITH GROUPS

By ROGER LANE
AP Business News Writer
NEW YORK (AP)—The urge to merge continues to change the makeup of the nation's business setup.

In retailing, transportation, publishing, banking, manufacturing, and a dozen other fields the movement spreads as a means of achieving savings, promoting efficiency, and a branching into new and important fields.

Some companies grasp the merger as a ready-made tool for diversification, as when Ford Motor Co. acquired Philco to branch out into electronics and space work.

Government trust-busters now and then claim to detect other motives, as in banking where they clamped down—or tried to—on courtships among giants with smaller competitors.

Nowhere is the ferment more striking than in public transportation, where financially ailing carriers are striving to redraw the nation's railroad and airline map.

Some rail leaders foresee a day not far distant when the 106 major roads will be regrouped into less than a dozen mighty regional systems—unless the government turns thumbs down.

In regulated transportation, where federal agencies have the final say-so, the wave of mergers, long gathering, is getting down to the brass tacks stage.

Recover 6 Bodies From Wind Whipped Pacific; 3 Others Missing; Mangled By Sharks

NEWPORT BEACH, Calif. (AP)—The bodies of six men, all but one mangled by sharks, were recovered from the wind-whipped ocean near here Sunday. Three others still were missing.

The Coast Guard called it the worst sea tragedy in Southern California since 1952 when eight persons disappeared.

Searchers also recovered a bait tank and other debris from the 25-foot cabin cruiser on which the nine embarked on a fishing expedition early Saturday.

The craft, known as both the Happy Jack and the Cindy, apparently became swamped in choppy seas and sank Saturday, the Coast Guard reported. Winds were gusting up to 30 miles per hour.

JUMP INTO STRETCHERS

Sharks still thrashed about the bodies when they were discovered by the fishing boat Mardic.

"There were so many sharks the men had to lower steel stretchers in the water to fish out the bodies," said Deputy Coroner Eugene Miller.

"The sharks kept after the bodies and several even jumped into the stretchers at the victims as they were being pulled aboard," Miller added.

The boat was on its first sea voyage under its owner, Chester McMain, 45, of Norwalk.

Miller said autopsies indicated

all six men apparently drowned. Shark bites could have been an equal cause of death of five of the men, he said.

WARNINGS POSTED

The Coast Guard posted small craft warnings Saturday, advising of rough seas, winds of 20 miles per hour and gusts to 30 mph, with an excessive surface chop due to steady blowing.

"A boat that size would bounce around like a cork" in such a choppy sea, an official said.

McMain's body was among those recovered.

Others recovered were:

Charles Chudy, 52, of Westminster; Harvey L. Johnston, 30, Los Angeles; Robert Herman Schmidt, 25, formerly of Stillwater, Okla., employed by a Los Angeles car loading firm; William F. Huffman, 29, Los Angeles, and John Treadway, 39, Bell Gardens.

Still missing were: E. R. Huffman, brother of one of those found dead; Richard Cain, 28, of Bell Gardens and Robert Gibson, 21, of Norwalk, McMain's son-in-law.

McSparran Ends His Campaign

HARRISBURG (AP)—J. Collins McSparran closed his campaign for the Republican gubernatorial nomination today in urging GOP voters to support "a real Republican and not a carbon-copy."

At a news conference in the state capitol's newsroom, McSparran said that U. S. Rep. William W. Scranton, Republican organization-backed candidate for re-election, "doesn't seem to be quite sure whether he is a Republican."

He said there seems previous little to choose between Scranton and Richardson Dilworth, the

Democratic organization-backed candidate for governor.

The main issues before Republican voters at Tuesday's primary election, he said, will be political bossism, the qualification of the candidates, the prevailing wage law and the compulsory school district reorganization law.

SAN DIEGO, Calif. (AP)—An Atlas intercontinental ballistic missile blew up in a test stand Sunday.

The 90-foot stand, in which the missile was tethered for ground test of its engines, was destroyed, along with a number of nearby fuel storage tanks. There were no reported injuries.

ROYAL COUPLE MARRIED IN 2 CEREMONIES

ATHENS, Greece (AP)—Prince Juan Carlos of Spain and Princess Sophie of Greece were married Monday in two religious ceremonies as tens of thousands of Greeks cheered.

The dashing prince, groomed by Generalissimo Francisco Franco to occupy the long vacant Spanish throne, first married the daughter of Greece's rulers in his own faith at the Roman Catholic Cathedral of St. Denis.

They rode together through the streets to the royal palace, smiling and waving to the cheering throngs. Then they separated and were driven to the Greek Orthodox Cathedral for the Orthodox ceremony required by Greek law and Sophie's faith.

Pope John XXIII gave special approval of the Roman-Orthodox union after the princess pledged to bring up her children in her husband's faith.

Church bells rang, artillery guns roared out a salute and a gathering of 120 royal guests looked on with excitement as the prince, 24, and the princess, 23, took their vows.

It was the most brilliant wedding Athens had seen since Sophie's parents—King Paul and Queen Frederika—were married in 1938.

Princess Sophie arrived at the church right on time. She was escorted by eight bridesmaids, their eight escorts and four witnesses for the ceremony—all princes or descendants of royal houses.

The cathedral, decorated and perfumed by thousands of red and yellow roses and carnations, was packed with royalty that included Queen Juliana of The Netherlands, King Olaf of Norway, Queen Ingrid of Denmark, Prince Rainier and Princess Grace of Monaco and younger prince and princesses by the dozen.

Juan Carlos arrived at the church first with his mother, the countess of Barcelona.

The youthful prince's father, the Spanish pretender Don Juan de Bourbon, rode with Sophie's mother, Queen Frederika.

BUDD RUNS 220 IN 20 SECONDS

VILLANOVA, Pa. (AP)—Who's the world's fastest human? Frank Budd, Villanova's great sprinter who holds the world record for the 100-yard dash and who just Saturday tied the world mark for the 220, says it's teammate Paul Drayton.

Drayton says it's Budd. Coach Jumbo Jim Elliott says he doesn't know.

So the argument goes on while Budd wears the title.

"I'd say Dave Sime in full flight (of all the runners he's seen past and present) and Drayton (currently)," said Budd Saturday after running the 220 in 20 seconds flat in a dual meet against the Quantic Marines to tie the world mark set by Sime, former Duke star, at Sanger, Calif., in 1956.

Budd, of Asbury Park, N. J., coupled the 220 performance with a 9.3 clocking in the 100 to become the first person to equal the fastest sprint double in the world, also established by Sime. On the same day Sime set the 220 mark he tied then world record of 9.3 for the 100. Budd in the National AAU meet last year broke the world record for the 100 with a 9.2 clocking.

WASHINGTON (AP)—The 11th blast of the U.S. nuclear test series in the atmosphere was set off today near Christmas Island in the Pacific.

GAS SALES IN STATE DROP

HARRISBURG (AP)—Gasoline sales in Pennsylvania dropped 87.7 million gallons during the first 12 months of the state's new 7-cent a gallon gas tax, the Associated Petroleum Industries of Pennsylvania reported Monday.

W. F. Richardson, secretary of the group, pointed to the 2.67 per cent drop as "the hard, cold answer of reality to those who keep trying to minimize what the gas tax has done to the gasoline business in Pennsylvania."

Richardson said gasoline sales for the 12 months following the gas tax increase in March 1961 amounted to 3,197,210,478 gallons. Taxable gallons reported for the 12 months preceding the tax increase totaled 3,284,863,662, he said.

Highways Secretary Park H. Martin said recently motor fuels sales in Pennsylvania showed a 1.2 per cent gain during the first nine months of the fiscal year, June 1961 through February 1962.

Richardson contended Martin used a special method of picking favorable months. He said official March figures would show a 10 million gallon less instead of a 30 million gallon Martin claimed two weeks ago.

VIEWERS SHOW LIKING FOR SHOW HABITS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Television, largely for commercial reasons, is engaged in endless study of its viewers—who they are, how they live and, most of all, what they like.

The most recent—aimed directly at the sponsors' pocketbooks—undertakes to pinpoint the program preferences of some important "consumer targets," which is the Madison Avenue phrase meaning viewers with money to spend. For instance, this one purports to show that women buyers of hair sprays prefer mystery adventure variety, drama, news and documentary shows, but women buyers of color rinse for hair add situation comedy programs to the list.

Female cigarette smokers prefer mystery-adventure and drama but male cigarette smokers also enjoy news-documentaries.

PREFERENCES NAMED

Families that use more than a dollar's worth of soaps and detergents a week were found to enjoy mystery-adventure, westerns and drama, while families that use more than three cans of scouring powder a month choose mystery-adventure, drama, news and documentary.

This is all pretty fascinating, but I can't seem to figure out a real relationship between scouring powder and a scorn of westerns, or for that matter, see why heavy tea drinkers go for horse operas while coffee drinkers prefer who-dunits.

But that's Madison Avenue—always researching.

CROSBY SHOW

The Bing Crosby show on ABC

Monday night was officially a variety hour, but it was really an hour-long mystery. For instance, where did Bing, Bob Hope and Eddie Adams ever find so many nonmemorable and tuneless songs to sing? Why weren't Bob and Eddie given some comedy numbers? How come the commercials seemed as numerous and as long as the entertainment numbers?

Truth to tell, it was decidedly a minor Crosby effort—good-humored and well-intentioned but very slight and apparently slung together casually. It was too bad, too, with such an array of excellent performers standing around without much to do. It wasn't a total loss: Bing and Bob got to plug their new movie.

Ask Federal Action In Big-Time Boxing

PATERSON, N.Y. (AP)—Abe J. Greene, commissioner of the National Boxing Association, called today for federal action to foster a national set of rules for the conduct of the sport.

Greene urged the formation of a "Kefauver Council" to inquire into all phases of boxing and establish uniform regulations.

He outlined his plan in a letter to Sen. Estes Kefauver, who headed the 1961 inquiry into racketeering in boxing.

"Unless the Federal Government takes the lead in helping to crystallize the need for one pattern of medical and physical safety rules around the country," Greene wrote Kefauver, "there will be more Benny Paretis and Tunny Hunsakers to horrify the nation."

Paret former welterweight champion, died recently after a beating in a New York ring. Hunsaker was badly hurt a short time later in a West Virginia bout.

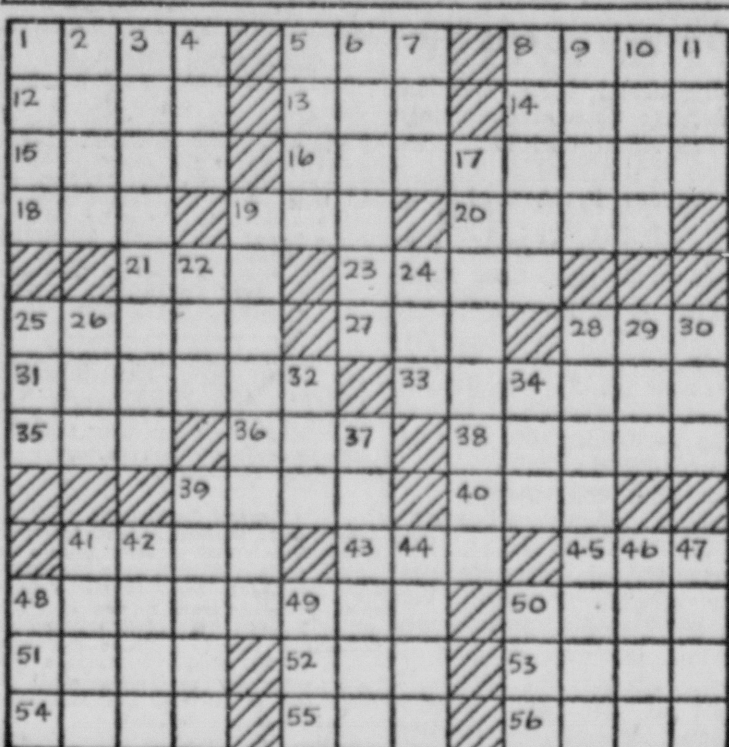

Authorize Company New Rate Increase

HARRISBURG (AP)—The Public Utility Commission authorized the Citizens Water Co. of Grassflat, Clearfield County, Monday to raise the rates of 209 customers by 25 per cent, effective June 1.

The utility estimated the increase would produce an additional \$1,600 revenue annually to offset higher operating costs and losses.

Citizens purchases its supply from the Winburne Water Co., which raised its charges 25 per cent last June.

Says Moon Effort Will Be Worth It

AMHERST, Mass. (AP)—A \$20 billion U.S. effort to put a man on the moon ahead of the Soviet Union will be worth it because of the knowledge to be gained and not because of any strategic values, rocket expert Werner Von Braun says.

Von Braun said Monday night that he agreed with predictions by others in the field that the United States can put a man on the moon within 10 years.

"It will cost about \$20 billion to put a man on the moon and the byproducts of the lunar project will make it worthwhile," he told a University of Massachusetts audience.

CERTIFIED CLEAN

LADIES

You can have confidence in the cleanliness of rest rooms where you see the Phillips 66 "Certified Clean" sign. Another example of Phillips "Hospitality on the Highway."

The Phillips 66 Dealer who displays the "Certified Clean" rest rooms sign is pledged to keep his rest rooms hygienically clean at all times. He may display this sign only if his rest rooms meet Phillips high standards of cleanliness when inspected on a regular and continuing schedule.

Clean, modern fixtures... clean floors, walls and mirrors... adequate towels, soap, tissue and wastebasket... all these are required of a Phillips 66 "Certified Clean" rest room. Wherever and whenever you take a motor trip, the "Certified Clean" sign is an additional reason for stopping at Phillips 66 Stations along the way.

It's a pleasure to please you!

Negro Selected For Dancing Chorus

ST. LOUIS (AP)—Miss Pelagio Green, 19, a college sophomore, is the first Negro ever selected for the St. Louis Municipal Opera's dancing chorus.

"I almost fainted when my name was called," said Miss Green, daughter of a mail carrier. She was selected Monday on her fourth attempt.

"I realize now I wasn't good enough the first two times and last year I was overweight. So, I went on a spartan diet and slimmed down," she said.

Miss Green, who is majoring in English at Harris Teachers College in St. Louis, has ambitions to perform on Broadway.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.
